Application for the position of “Regulatory and drug Advertising Manager”

Soon graduated from the Master 2 Legal and Economic Strategies for Marketing Health Products, I am looking for a position in the Regulatory and Drug Advertising department of GSK. My current internship at Novartis allowed me to acquire solid skills in drug advertising control and to confirm my desire to work in this field. Invested, organized and proactive, I want to use my skills to support your teams.

EDUCATION AND QUALIFICATIONS

Master of Pharmaceutical Sciences « Legal and Economic Strategies for Marketing Health Products », Bordeaux University **2021-2022**

Marketing strategies for health products, Promotion and information strategies (drug advertising), Market Access
Produced a "promotion" file in groups on the health crisis and new promotion practices for the pharmaceutical industries
Produced a reverse pedagogy course in groups on targeted promotion towards health professionals
Followed courses given by specialists in drug advertising control

School of Pharmacy (PhD graduation expected), Bordeaux University **2016-2022**

“VSEPS” teaching: many group projects, oral presentations and files to return
Followed course “market access for drugs and other health products”

PROFESSIONAL EXPERIENCE

Regulatory Affairs Consultant, ASPE Conseil (Toulouse), 4 month internship **2021** **ASPE Conseil is a Regulatory affairs consulting firm**

Responsibilities:

- Redacted scientific files regarding medical devices: Toxicological Risk Assessment (TRA) and Clinical Report Assessment (CRA)
- Redacted Periodic Safety Update Report (PSUR) regarding drug
- Redacted regulatory summary note on Decentralized Procedure, Mutual Recognition Procedure, “Novel Food” status
- Analyzed regulatory compliance of label on medical devices

Achievements:

- Improved my knowledge and understand the regulation of different health products
- Improved my research, analytical and writing skills
- Advanced my organization skill and my autonomy

Hospital pharmacy, clinical trials department, Pellegrin hospital (Bordeaux), 4 month internship **2021** **Responsibilities:**

- Participated in the selection, implementation and monitoring of visits during ongoing clinical trials
- Managed reception, storage and dispensation of treatments
- Ensured the digital or manual traceability and accounting of treatments via software or specific documents

Achievements:

- Ensured regulatory compliance throughout the clinical trials
- Respected the financial and scientific challenges of laboratories
- Ensured to have clinical files correctly completed, with all the necessary papers
- Developed my sense of detail and order

Infectious diseases department, Pellegrin hospital (Bordeaux), 4 month internship **2020** **Responsibilities:**

- Therapeutic education and medication reconciliation with patients
- Examined patient files (analysis of antibiotics, drug interactions and pathologies)
- Reported pharmacovigilance cases

Achievements:

- Improved treatment compliance of patients by finding solutions that meet their needs and provide personalized advice
- Develop my communication: make myself understood by patients and provide an appropriate response to the interlocutor
- Requires listening, kindness and adaptability

PERSONAL EXPERIENCE

Interim, CRIT Interim (Eysines)

2020

Responsibilities:

- Carried out shelving, inventories, preparation of orders in large and medium-sized surfaces

Baby-sitting

2016-2019

Seasonal employment, Laundry, Haut-Lévêque Hospital

2015-2018

Responsibilities:

- Laundry treatment and care, Packaging and distribution in services

Volunteering in an association (Lormont)

2015-2017

Responsibilities:

- Distributed meals

Achievements:

- Allowed many families to have a meal every day and survive
- Taught me a lot about human relationship especially humility, empathy, and open-mindedness

SKILLS

Drug advertising

Theoretical courses of the Master 2 allowed me to master the legal framework of the promotion of drugs and health products, information management for the proper use of drugs and the methodology of the quality audit of promotional, environmental, institutional documents.

Communication / teamwork

- Positive interpersonal skills demonstrated through different group work during my pharmacy studies
- Excellent feedback on oral presentation and Power point skills throughout studies
- Drafting of numerous files that show writing skills, precision, attention to details
- Proven ability to be a productive team member through interaction with colleagues, attendance and contribution at meetings

Adaptability / integration

My different professional and personal experiences have allowed me to be in completely different environments, with different people. I have always known how to adapt, collaborate and interact. This allowed me to know how to work both in a team and in autonomy.

LANGUAGES

French: Native tongue

English: professional notions (good reading and oral comprehension)

Spanish: Good reading and oral comprehension
